Would you be interested in joining physical activities that are:-

Do you have a suggestion for a new Activity?

Pickle Ball; Wine tasting; overnight kayaking to Killarney

We enjoyed dinner club when it was up and running, however it got to the point where we weren't meeting anyone new as we'd already been with many of the other members before. This was despite the fact that there were many people we hadn't been with yet. So maybe better organizing would have helped?

Do you think that in general our Events are

How interested would you be in the following Events

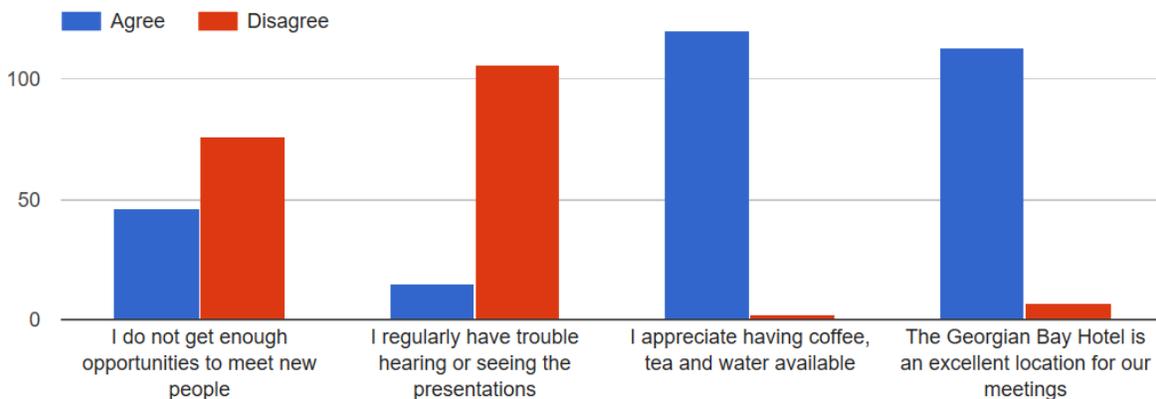

Do you have an idea for a new Event

- A cool event would be an open mic night where all our music groups play for 1 night in 1 venue.
- add a home decor accessories swap
- Add more bus trip to Toronto to see a play, like the trip to come from Away.

- continue special unique events
- Crafts a card game club
- I'd like to see dinner club come back now that there are many new members.
- Just don't take part if they don't appeal.
- New event: amazing race
- Similar to the Mash Dance portrayed in the Collingwood aci ema Club movie Finding your Feet, maybe get a group event where we are taught similarly. Fun!
- Singles events .. most events are for couples or women only

Re: Monthly General Meetings

Any other comment about the meetings

- A lawyer to speak on wills, and estates. An investment advisor to speak.
- As a couple the speaker's do not often interest both of us. I realize it's hard to get speakers for these meetings as well as to get speakers who would interest both men and women particularly at our age. For example we are not attending today because neither of us has any interest in a sports psychologist. The last speaker with the photography also was a bit long and repetitive.
- Audio system has its challenges
- Can be very very noisy. A lot of hubbub
- Could be a little later
- Difficulty hearing too often.
- Discourage people sitting with their friends all the time
- good format
- Great room, except when the hotel cut it in half
- Great Speakers
- How about The National Anthem
- I am a new member, so cannot answer several sections of this survey. Impressed with my first meeting today!
- I am new so am I able to answer mist questions.
- I am unable to attend. I only filled in answers for things I attend or would be interested in attending
- I find that people just sit with their friends at the meetings and don't want to mix up.
- I have only been to one, so don't have much to say. We have just joined recently.
- Im only here 6 months in summer and there are few meetings
- keep them short and social
- Less formality
- Maybe schedule in the early afternoon
- Need more mixer activities especially for newer members. We spend the meeting time running around to sign up and chat briefly to friends.

- Not interested in large meetings.
- On the hotel there should be more rating options. It is ok but not excellent in service.
- really not time to meet people then as so busy.
- Some meetings are too long. Do not feel the activities need to be repeated over and over
- Sound system at the Georgian
- The club is too big. It's impersonal.
- The cost of the venue is ridiculous. I'm happy to forego tablecloths and enjoy the atmosphere of the Legion.
- The Georgian Bay Hotel is a nice place but it's kind of expensive.
- The Georgian Bay is okay for our meetings but I think that somewhere else, perhaps The Legion, would be fine too.
- The meetings are fun. We enjoy going and try not to miss any. I don't like being hounded for the 50-50 draw.
- The meetings are great
- They're great the way they are.
- Too much time spent describing upcoming events that are already described in the Newsletter.
- We are just new members so have not formed an opinion regarding meetings and activities.
- We don't need to review every single social activity every time. Highlight the new ones, one person can quickly review the rest. End the meetings at 11:50 sharp. Inform the speaker he/she will be finished at 11:45. It's the worst when they drag on past that time. 40 minutes is plenty for a speaker. If we are going to have a profile speaker, then we need to make sure they have an interesting story, are able to deliver it well, and sufficient time is allotted to deliver it. e.g. Jim Theobalds last year. We don't need one every time and something else has to be shortened to allow for time for the profile speaker. Every meeting doesn't have to follow the same routine - vary it more. Maybe have the speaker first?
- We need the whole ballroom at the hotel otherwise the meetings are too crowded to
- Web may be attending more months

- Well done. Good speakers.

Name one thing that would make Mountainview a better club

More events

More post-meeting lunch opportunities.

By increasing our membership this year we are giving the club more new people to help with ideas and more volunteers to run events or start new groups.

A separate events calendar on line

keep bringing in new blood and energy

More mixers to get to know more people at meetings. Handing out numbers was actually a good idea despite the grumbling by members.

Less time spent on discussing upcoming events - "read the Newsletter" & more time on encouraging people to meet new people at the meeting

More emphasis on activities planned

Can't think of a thing

Friendlier to singles

The occasional activity that is educational

I'm pretty new but have enjoyed the activities I've done so far. I would like a few more activities in the evenings or on weekends.

It was great when I first joined Now that I have made lots of friends it is harder to participate / the club hasn't changed as much as I have

Spend more and get higher profile speakers. People who have written a book are boring.

It is the best

Perhaps we could get some men on the social committee? Men have a tendency to be happy to have two wives run their social life but life is different these days hahaha. I hope that there's some way to encourage the men.

Very enjoyable club.

Cant think of anything. Thanks for all the work uou out into this.

I am very grateful to the club for the fellowship and friends that I have found there.

As a single person I often find that couples and their friends sit together, socialize together and do not include or welcome single people. I went to a barbecue and found

all the chairs at tables turned over and reserved for their friends. This would be a prime example of feeling unwelcomed.

Better communication of upcoming events via email and newsletter

Better MIXER activities at meetings

I think it would work if we paid The Legion to host our meetings rather than Georgian Bay. Apparently there are new plans for Georgian Bay and they might change the possibility of using their venue.

Dining out in groups

I think you should have a "minister of culture" like the men's PROBUS, to introduce more levity

better speakers

To also have muffins.

We think the club is doing an excellent job

Not sure

new member vrey pleased with the Club

A whole meeting devoted to mixers to help us met new people

We are still fairly new members and appreciate our Probus experience so far. Keep up the good work!

It already is a better club then other Probus clubs.

More activities each week

Energetic activity Cycling club, Hockey, Gsmes night

Continue the great work! Always remember your constituency and our purpose of fun and fellowship.

more opportunities to meet people in relaxed venus

The womens- intimate group is a good idea - except im not here in winter

More get to know each other time

Stop doing member surveys have a mixer instead

Members should only be able to join 1 probus club. This would allow room for some new members and perhaps they could contribute more to only 1.

Shorter time for guest speaker

Smaller club.

Random seating, ie, giving out table numbers to people as they come through the door. It would encourage more mixing.

Continue to invite and welcome new members. Many of our present members are not actively involved in the club. We need younger people and their energy and different suggestions to keep us exciting and vibrant.

Members wear more visible name cards

Very satisfied

More fun things to do at the meetings to meet more people. We all love to sing and have fun so icebreakers are a lot of fun.

mixers every once in awhile

Nothing comes to mind

continue doing the wonderful job you are all doing

I feel that we have a very good club

Sit seems fine - I guess I prefer small group functions
